FOR THE KIDS

BARROCAL COOKIES WORKSHOP

Give your children some amazing moments with our pastry chef, during which they will make simple recipes of Barrocal's small sweet delights, such as cinnamon biscuits or chocolate chip cookies. The little ones will literally get their hands in the dough, learn to use a rolling pin, give shape, and decorate their own creations, which they can still eat later on.

Price per workshop/h: €35,00

The activity is limited to a maximum number of 3 children

POTTERY WORKSHOP

As Portugal's largest pottery centre, São Pedro do Corval has been the home to families of master potters who dedicate their lives to the craft. Adobe bricks and terracotta objects are handmade, each day, in the workshops that border the main street and are living proof of the region booming crafts. António Bulhão, one of these master potters, and his daughter Manuela, will come to our monte and they will teach your kids how to work the clay on the wheel, still being moved only by the body's movements, to predict drying times, and to decorate the piece created.

Price per person: €35,00

The workshop will last for 1 hour and will be held for a minimum of 2 children or the equivalent price of €70,00

SPORT FISHING IN LAKE ALQUEVA

In one of the most special places in Europe for the sport fishing of black bass and pike-perch, the great Lake Alqueva, take your kids to spend a day with Duarte Cebola, a guide specialized in this activity: they will learn to prepare the hook and the bait, to identify the fishing spots, to launch the fishing rod and, in the end, return these species to their natural habitat, as this is all about sport fishing.

The activity is limited to a maximum number of 4 people
